Research Interests

- **Information Retrieval (IR)**
- **Graph Foundation Models**
- **Representation Learning**

Education

Konkuk University — Seoul, Republic of Korea
Bachelor of Science in Computer Science and Engineering (GPA: 4.34/4.5) — *Mar. 2025 – Present*

Experience

Undergraduate Research Intern — July 2025 – Present
Graph & Language Intelligence(GLI) LAB — *Konkuk University, Seoul*

- Co-authored a research paper focused on GFlowNet-based Graph RAG for faithful data retrieval
- Participated in multiple independent laboratory study: Graph Representation Learning, Multimodal Representation Learning, and Deep Learning

Member — Sep. 2025 – July. 2026
Google Developer Groups On Campus(GDGOC) — *Konkuk University, Seoul*

- Completed study tracks covering computer vision frameworks(CS231n) and advanced language modeling(CS336n)
- Participated in regular paper reading sessions focusing on state-of-the-art machine learning architectures

Papers

[1] Jinho Choi, Hye-Yoon Baek, **Sang-Hyeon Park**, Sang-June Kim, Hyeongjun Yang, Byungkook Oh, "**Causality-Guided Spurious Evidence Pruning with GFlowNet for Faithful Graph Retrieval**," In CIKM 2026

Technical Skills

Language: Python
Libraries & Frameworks: PyTorch, NumPy, Matplotlib

Honors & Awards

Academic Excellence Scholarship | *Konkuk University* — Fall 2025 - Spring 2026
Dean's List | *Konkuk University* — Fall 2025 - Spring 2026
Academic Excellence Award | *Konkuk University* — Spring 2025 - Spring 2026

Certifications

ADsP (Advanced Data Analytics Semi-Professional) | *Korea Data Agency* — March. 2026
SQLD (Structral Query Language Developer) | *Korea Data Agency* — March. 2026
Linux Master (Level 2) | *Korea Association for Ai & Ict Promotion* — July. 2026
